Bb Trumpet

# 20 Minute Routine

Compiled by Greg Wing, Professor Emeritus of Music, Trumpet
Morehead State University

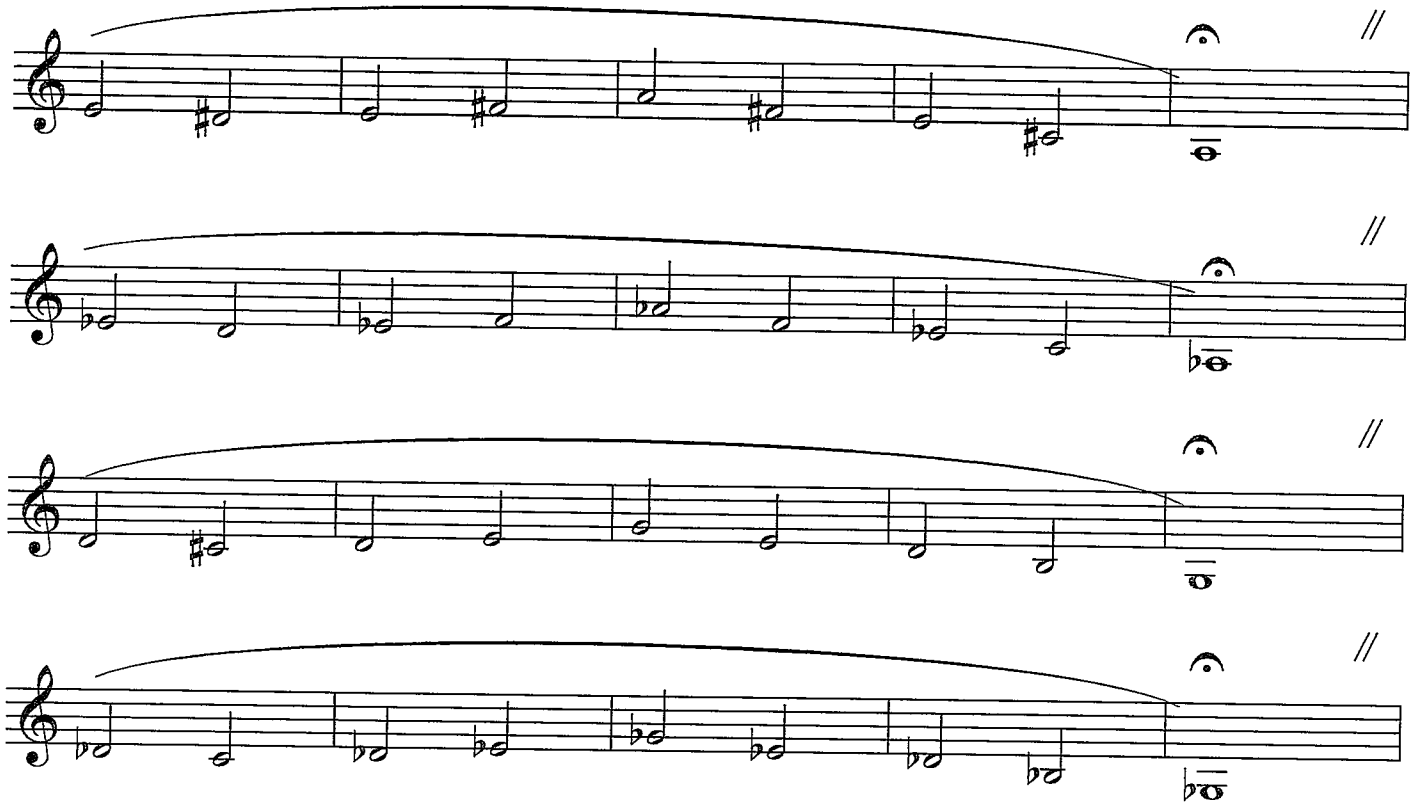

Flow Studies  Rest as long as you play & make sure you play each with a beautiful full sound.

Slight pause

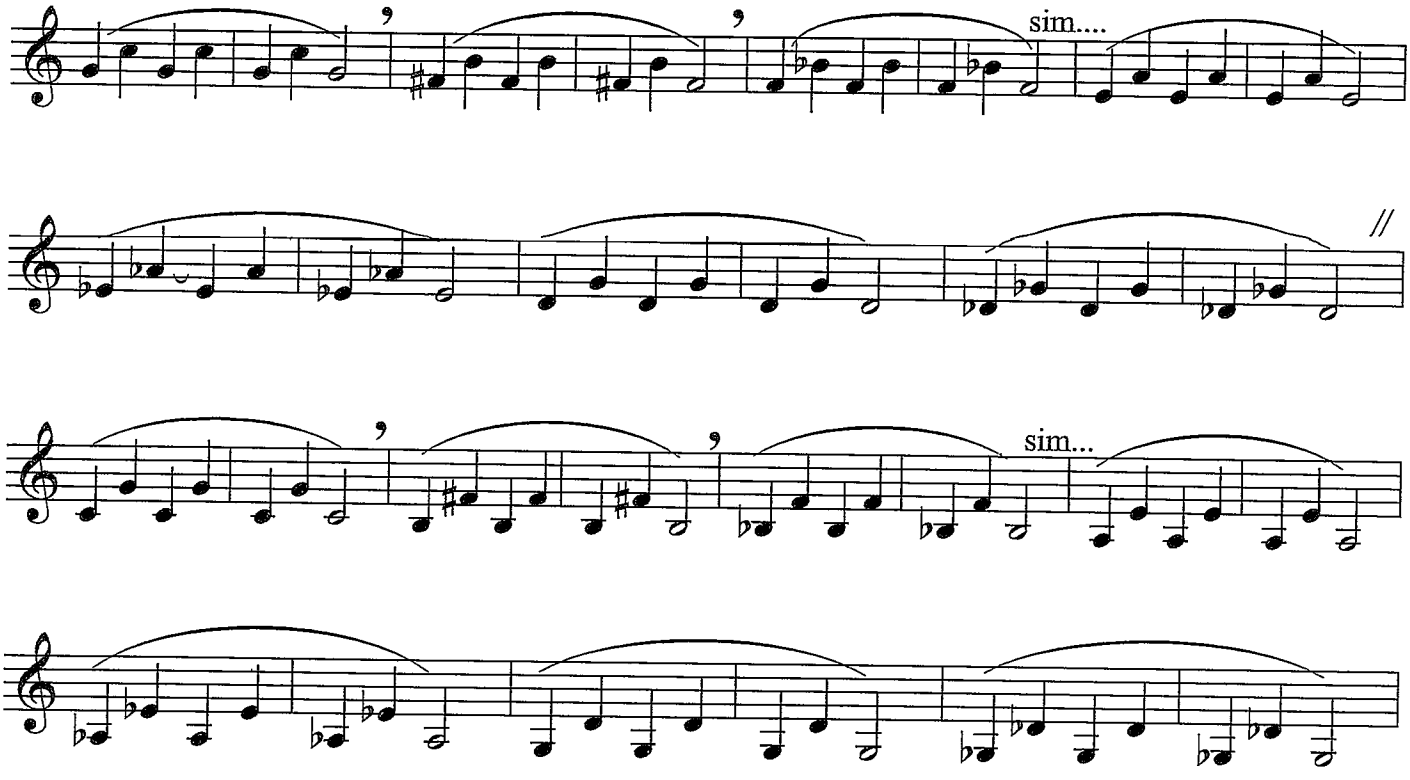

# 20 Minute Routine

## Lip Slurs

Each note must be flowing into the next one without hesitation

## Tonguing

Play 3 x's with "too" and 3 x's with "doo"

## Expanding Scales

The quality of sound must remain the same as you ascend.

I am convinced that a "Daily Practice Routine of Fundamentals" is crucial to a trumpet player's development. This 20 Minute Routine is just the beginning. The secret is to DO IT every day! Take a Big Breath and blow through the instrument while thinking of a beautiful full sound. Consistent practice is the Key! I know you can do it. Good Luck!!!
